Mitghamr, Egypt

in Abdelrahman Gabal

Abdulrahman Gaball

## EDUCATION

### Senior Computer Science Student

Major of Computer Science

Third-year student

GPA: 3.04

Oct. 2021 – Aug. 2025

Assiut University, Egypt

## PROJECTS

### CtrlTask -Task-Manager APP [Source](#)

- CtrlTask is Efficient task management solution to manage your tasks and time..
- Users can register, log in, add a task with the deadline and the content you want,create a project and add some tasks in the project,user can update project and add task,delete task,ability to work with your friends on tasks by adding them into the task by your friend's email..

⚙️ C#, .NET framework, OOP,WindowsForm, and SQL Server

### Connect 4 – Console Game [Source](#)

Developed a classic "Connect 4" game using C++, utilizing a function-based approach to modularize code and enhance maintainability. The game features a text-based console interface. Implemented functionalities include input validation, win condition detection, and dynamic display of the game board.

⚙️ C++

### Other Simple projects

I developed other simple Console projects like:

- Simple Calculator
- Car Parking

⚙️ C++, Java

## ACHIEVEMENTS

### PWF Programming Warfare 2023

Advanced to the final onsite round in Upper Egypt's three-round contest, securing 75th out of 300+ participants.

Solved more than 900 problems on various online judges
